

VOLUNTARY APPROVED REQUESTS

Pastoral Care

The Chaplain's role is to serve the school by encouraging, motivating and inspiring young people to be the best that they can, and to help them through issues that may threaten their potential. The school would appreciate if you could donate to the Pastoral Care, as this will assist in maintaining this valuable service to the students.

P&C Contributions

The P&C Association seeks your continued support for 2020. Parents are asked to pay a contribution of \$40.00 per family. This contribution enables the P&C to purchase much needed equipment students use.

School Bus Replacement

The Department of Education does not provide school buses or funding toward a bus and the cost of bus hire to the school is quite substantial. The school has school buses that have significant running costs and your support in donating toward these costs will assist in keeping these running costs down.

Technology Resources

All students will be accessing computers, printers and the internet as a tool to assist them in their learning across all curriculum areas. Costs associated in providing this equipment and service to the students is substantial.

Library Resources

This contribution assists in the resourcing of educational and reference books to assist students in their curriculum program. These books are selected according to the school needs and are specific to the curriculum program.
