

### Extra Optional Charges

Optional activities, such as excursions, special programs, or general school events, are contingent upon a student's decision to participate. This means families are not obligated to pay for these unless the student opts to take part.

The charges associated with these activities are determined on a cost-recovery basis, implying that the school only seeks to cover the direct expenses incurred in organising the activity. Please note there is no profit occurs from these charges.

Recognising that such activities could add financial strain, the school strives to keep costs as low as possible, making these opportunities more accessible to all students.

### **Bring Your Own Device (BYOD)**

Morley Senior High School has negotiated special education pricing for a BYOD portal program from CDM and Winthrop. Please see below link for further information: <https://morleyshs.wa.edu.au>

YEAR 7 SUBJECT	DESCRIPTION	COST
